FROM THE PRESIDENT'S DESK

Dear Probians,

Loving Greetings to you
and your family members.

The Covid19 situation
is fast improving and in
view of the fear of the
third wave, still lockdown
situation continues with

advice for senior citizens not to venture out. I Pray
and Hope that in the coming months, with God's
grace, meetings would be permitted by the Govt.,
the Russian House (erstwhile Russian Centre for
Science and Culture) would be available, and that
we could organise physical meetings and the third
wave might not hit us.

I am happy to write to you in the month marking
the 75th Independence year of India. Our country
also has bagged the highest number of Olympic
Medals so far.

We paid homage in the EC meetings and
Monthly ZOOM Meetings to the three of our senior
members during July, '21, viz., Pn Byravan (A-010),
Pn Radhakrishnan S, (L-028) and Pn Jayashree, K,
Dr. (L 261).

Shri N.V. Subramanian, Retired General Manager,
SBI (DoB: 30 Mar 1950) was inducted as a new Life
Member of our Club during the month.

On the Awards front, our PPP Balambal V Dr.
and Smt. Kalpakam Srinivasamurthi, wife of our PPP
Late T.T. Srinivasamurthi were awarded by Pavitram
the Seva Chakra awards for Rural Sports and for Art
& Culture categories respectively. Pn Kailash G, Dr.
has been presented with the Lifetime Achievement
Award on Doctors Day Award function 2021 by the
Indian Medical Council, Chennai. Our Congratulations
to them for the Awards bestowed on them which
they richly deserve.

In our Monthly meeting held on 24th July, '21, Dr
SS. Jawahar, IAS Retd, former Principal Secretary,

Government of Tamil Nadu was the Guest speaker, a well-known personality who was thrice Private Secretary of the three past Chief Ministers of Tamil Nadu. He spoke with a human touch and narrated how even in these difficult times of Covid when loneliness could not be avoided one can achieve and retain happiness and mental peace. He also stressed on the need for executive a settlement deed and a Will. All members enjoyed his speech.

The Byelaw subcommittee, the Publication subcommittee, and the Fund Mobilisation subcommittees had their meetings in the month. The EC discussed and approved the Bye-law amendments suggested by the Byelaw subcommittee which will be placed in the coming AGM for approval. The work relating to finalising the articles for the Annual Book 2021 is in full swing. The details of the advertisement tariff are finalised. While retaining the rates of 2019, concessional tariff is finalised for Probians. Due to the Covid situation, advertisement from general public may not be encouraging and hence, the Fund Mobilisation Committee recommended that an appeal be sent to all Probians for contributions from them, their relatives, and well-wishers. Accordingly,

I have sent individual appeal to all of you. I, once again, appeal to all of you to contribute for at least the strip-advertisement if not for full / half page advertisement in the Annual Book.

The feedback from the Donors of the Club's Educational Scholarship Scheme is encouraging with more than 60% of the donors giving consent for increase in the scholarship to ₹1,500/- per student and many contributing the extra ₹15,000/- and some agreeing to add another donor name for a student. The Scholarship Distribution Function will be limited to a one-day Function and the number of scholarships / students also would stand reduced.

Members are requested to send their Personal data immediately to the PF Sadagopan G, Joint Secretary as many of you were not able to post it and now that situation is slightly improved, I request you to note to send the details by Post or else by email to him without any delay.

Earlier, we temporarily stopped home visits as a group to Probians above 80 years of age on their Birthdays and Wedding Anniversary Dates due to Covid Second Wave. Recently, we have restarted the

EDITOR'S COLUMN

Dear Probus brothers and sisters,
Greetings to all my fellow Probians.

In this issue, we bring you an interesting article contributed by Pbn Pranesan. He shares with us his experience in a third world country from both professional and social perspectives.

In this issue, we again would like to draw your attention to the small boxed item titled "Corrections". It is about two more inadvertent errors that crept into the List of EC Committee Members published in the last issue of "Probuzz". These errors were brought to our attention a few days back by our fellow Probians.

We sincerely appreciate this feedback, especially since they show the close attention being paid by our members to the contents of Probuzz. In this issue we have tried to make amends for these unintentional oversights.

Also, starting with the next issue, we would like to try and bridge gap between the traditional hard copy world of Probuzz and the modern Internet-based world of WhatsApp. As a small step in this direction, we propose to include in every issue of Probuzz, one or two interesting pieces shared by some of our fellow Probians in the Probus Friends WhatsApp Group. We, therefore, request all fellow Probians to post in our Probus Friends WhatsApp Group more of their original interesting short pieces.

We once again request all Probians to actively contribute articles, literary pieces, photographs, interesting news bits, etc. for publishing in Probuzz. We appreciate the contributions we have received for this issue. We look forward to more active contributions from others for the forthcoming issues.

Wishing you all a Happy (Diamond Jubilee) Independence Day and a memorable Diamond Jubilee Year ahead,

With best wishes,
EDITOR (vijisbi@gmail.com)

home visits to Probians subject their permitting the visit and the details are in the Secretary's Report. Meeting the Senior Probians is a pleasure and spending time with them is valuable and helps us to finetune our activities.

I thank Pn Karthik Dattatri Dore, who has wholeheartedly come forward to sponsor this August, '21 issue of Probuzz.

I just received a message that our club's Past Secretary, Pn Lakshminarayanan S, had a stroke crippling his both right-side limbs with paralysis on 30th July. I request you to join me in the Prayers for his quick recovery.

Also, with Prayers for Covid19 wave to die down, enabling us to meet physically enjoying each other's company along with Breakfast at an early date,

WISHING YOU ALL A HEALTHY, PEACEFUL AND HAPPY TIME WITH FAMILY & HOPING FOR EARLY RETURN OF NORMAL TIMES,

I remain

With regards,
Yours sincerely,

Ranganathan B

SECRETARY'S REPORT

Dear Probians,

My Kind Greetings to all of you, your family members and friends

I am very happy to write to you on the occasion of the 75th Year of Independence. "WOW".

What an achievement. Freedom is what each of us seeks. And the Right to Privacy is the ballast of human society, as an important ingredient of our independence and freedom. Many millennials of these days enjoy freedom without knowing how we got it. We didn't get Independence freely. Our leaders, our Grand and our Great Grand Parents struggled for Hundreds of years by shedding their Blood and Sweat to attain the Independence from British Raj. In addition to celebrating 75 years of Independence, India will roll out year-long commemorations from August 2021 which will demonstrate the 'development, governance, technology, reform, progress and policy' during the past 75 years. We should stand together as One nation in one Roof, Proud to be an Indian.

In Olympics, India creates history by picking 7 medals the highest ever medals so far by India and the biggest one being the Gold Medal from Mr Neeraj Chopra in the Javelin throw segment. Even though it is delightful to enjoy, it is not enough for our 140-crore population. Like Orissa took responsibility to develop the Indian Hockey Team, every State and every Top Corporate took leadership in blossoming different Sports and Games. Despite being 48th

on the Olympic medal's list, we need to reach the number one spot very quickly.

Our EC meeting for July took place on 10th July 2021. Twenty Probians, including office bearers, executive committee members, and special Invitees attended. EC member Pn V. Ramaraj rendered the Universal prayer. President Pn B. Ranganathan welcomed the participants in the meeting. He appealed to members to contribute to Covid-19 Relief Fund and informed them about Madras Day. Treasurer PF V. Balachander read his Treasurer's Report. Editor Pn A. Vijayakumar spoke about Probuzz Newsletter Status and Web status. The Secretary gave the vote of thanks.

The July 2021 Monthly meeting started with Universal Prayer rendered by Pn Dr A. Bhavani. Our President Pn B. Ranganathan welcomed the Gatherings in the Zoom meeting. Apart from welcoming Guest Speaker **Dr SS. Jawahar, IAS Retd, former Principal Secretary, Government of Tamilnadu**, our president also spoke about the Covid situation. He appealed to Probians to contribute to Covid-19 Relief Fund and also for Probuzz Newsletter. He thanked our Probian AG. Pranesan for his generous contribution of ₹5,000/- to sponsor the July issue of the Probuzz Newsletter. Pn Mala Venkatram Introduced our Guest Speaker Dr S.S. Jawahar IAS ret. Probian Jayshree Kishore also spoke about the Guest Speaker. Dr S.S. Jawahar spoke on the Topic, **"Happiness and Mental Peace in the Digital World."** He started his speech with quotes from Kaniyan Poonkundranaar's "Yaadhum Oore Yaavarum Kheleer" and Kavignar Kannadasan's kavithaigal. He stressed that people should realise that "Life is nothing but one's own experience". He

described the functions and importance of the Brain's four Hormones, viz., Dopamine, Oxytocin, Serotonin, and Endorphins. These four main brain chemicals can drive the positive emotions you feel throughout the day. He urged the seniors to share the work at home, Give Love to their Children, Be happy with their Grandchildren. He advised the Senior citizens to invest properly their retirement Savings and also to be very careful about financial fraud. He explained about Digital Tricks, Dunzo, Net Banking. Drawings, Puzzles, Games and Sudoku will be very useful for Mind relaxation. He also advised executing **Family Settlement Deed and Will** to avoid any future conflicts, dissatisfaction and difficulties to the near and dear. Probian Dr V Chockalingam MD also shared his experience. The way Dr SS Jawahar, IAS delivered his speech made everyone enjoy it. In the question-and-answer session, his interaction with members was also well received by our Probians. Pn Maala Venkatram deserves special praise for introducing this celebrity speaker for our Club meeting. Pn M. Annadhurai, Secretary proposed the vote of thanks.

CORRECTION

In the May-June and July Issue of Probuzz, we had published the List of Committee Members. Subsequently our attention has been drawn to two other inadvertent errors that have crept into the published lists. We request all Probians to note the following corrections to the published lists:

1. In both the published lists, the name of the Coordinator of the Bye-Law Committee was missed. We, therefore, give below the details of the Coordinator of the Bye-Law Committee, which should have appeared under the Bye-Law Committee:

Designation : Coord. VP Pn

Name : Badri C.

Mobile No : 94444-45643

email-id : cothoorbadri@gmail.com

2. In both the published lists, email ID of Pbn V Ramaraj, EC Member has been incorrectly given. His correct email ID is:

We deeply regret the oversight and sincerely apologise for the same. We also appreciate and acknowledge with gratitude the understanding and forbearance displayed by Probian C Badri and Probian V Ramaraj.

MANILA CITY (PHILIPPINES) - WATER SUPPLY SYSTEM

Pbn. A.G. Pranesan, Dy Chief Engineer(Retd), Tamilnadu Water Supply & Drainage Board.

Preamble

It was a pleasant surprise for me, when I was chosen as one of the Team Member to go to Manila in September 2006 for carrying out "Due Diligence" to establish assets and liabilities and evaluate commercial potential for taking over Manila Water Supply & Sewerage System and for preparing Bid Documents for submission. About 50 officials comprising of Engineers, Accountants & Audit officials and Managerial persons from IL&FS were in the group.

Background on Manila Water Supply Project

Source of water for Manila city is from 3 dams. Raw water is conveyed to two existing Treatment Plants - one with a capacity of 2,400 Million Litres/ Day (MLD) & another of 1,600 MLD capacity. They are huge in comparison to the biggest Water Treatment plant of 530mld capacity at Chembarambakkam providing water to Chennai city. Look at the magnitude & size of these Treatment Plants at Manila - looking like an ocean. The entire system was being managed by a private operator, whose lease period was ending and Manila Water had to select a new operator. IL&FS was one of the four firms shortlisted to quote.

Scope of Our Work

Our task was to visit the source, alignment of pumping main, pumping stations, treatment plant, etc. and asses their condition and prepare the bid document for operating and maintaining the system for the next 25 years. The bid conditions included purchase of shares which would largely determine the successful bidder.

Prevailing Condition at Manila City

Generally unsafe for foreigner and we were advised not to go alone anywhere. When inspecting existing water supply system at slums, we were asked to leave all valuables including cell phone, passport etc. in the car. Heavy traffic during the morning and evening office hours made us travel long hours to reach our temporary office and to return to the hotel. We used to leave the hotel early and return late at night to avoid traffic. It was hard time for vegetarians at

the hotel. Roads are well concreted.

Condition of Water Distribution System

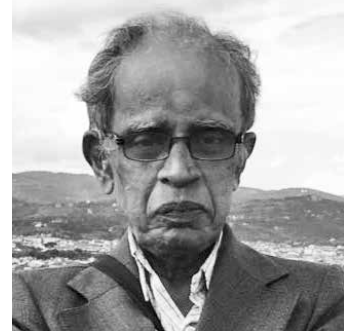

During the inspection, we could visualise the most difficult part of the project would be to detect leaks and rectify them as the loss of water was about 60% against permissible limit of 30%. Most of the roads are concreted & pipes in many areas are at 2 to 3 m deep below ground level making it difficult to locate leaks even with modern equipment. All house service connections are metered. In poor community areas, to prevent theft of water, the pipes are laid above ground level.

Water for the Poor Communities

Manila water took a major & implementable decision to form "Local Government Units" and "Community based Organisations" and guided to fix bulk water meters and communal meters. Manila water made these two units responsible for day-to-day management and operation of all the facilities including repair, maintenance, and monitoring of pipes etc. They are also responsible for monthly billing, collection, and remittance of the revenue from the individual household's water consumption charges. Initial capital investment required are sourced by Manila Water Authority. During the operation, revenue collected from monthly water bills are used for operation and maintenance expenses. Finally, it fostered strong community relationship, empowered community members, and made the poor community feel that they are legitimate part of the society.

Conclusion

IL&FS Team collected all field data in 2 weeks, arrived at cost factor based on our team's inputs and prepared Bid Documents but was unsuccessful in bid process.
